

Greetings Chapter 12 Members and Friends!

Make plans to join in at any of the upcoming events, our new Meetups.com:

<http://www.meetup.com/Houston-Aviation-Meetup-EAA-Chapter-12/>

If you're not a member of Chapter 12 yet, it's not required for attending anything, so don't let that stop you, but we certainly welcome new members. Here's what we've got cookin':

JOBS

Houston Airport System

Several job openings are listed at the Houston Airport System. Use either of these links:
<http://agency.governmentjobs.com/houstonair/default.cfm> or
<http://fly2houston.com/business-Jobs>

Advice to HAS job seekers:

1. Read all minimum requirements for the position.
2. Include in your submission how you meet those min requirements.
3. Tailor your resume to fit the position for which you are applying.

CAPJET (CJ3 Captain (Full benefits + Retirement plan) - Texas)

Hobby Airport 8484 W. Monroe, Houston, TX 77061

Tel: NO PHONE CALLS

Fax: none

Email: javier@capjets.com

Website: <http://www.capjet.com>

CapJet is an ARGUS rated 135 Management Company in Houston Texas. CapJet has its own hanger and professional team in place to aid the captain with his duties. We are looking for a quality Captain to fly the owner of our new CJ3 and fly some 135 charter. The airplane will be flown with 2 pilots. The position requires full time residency in the Houston area. We will give preference to PIC time in type with salary to reflect. Safety and customer service is a must for our crew members, must have a clean FAA and DOT record. Company uses Pro Pilot Compensation Salary Study and pilot experience to determine pay. We will offer full benefits and a retirement plan.

Requirements:

CJ3 Type

1st class Medical

3500 hrs.

2000 PIC

500 Turbojet

500 in type 3 years PIC in a 135

Clean FAA/DOT/DOJ records

When applying, please note your CJ3 PIC time in the BODY OF YOUR EMAIL.

FOREFLIGHT

Various positions open - <http://foreflight.com/about/careers/>

FOR SALE

1980 Citabria Adventurer, N239SF, Serial Number 436-2000, \$65,000

I would call it a 9+ interior and exterior. The only blemish in the interior is shown in one of the photos below - a torn corner in the upholstery near the door, and on the exterior a small crack in the fiberglass on one of the wheel pants (both of which we have taken off because we are operating it on grass) which is also pictured below. The only mechanical I know of is the parking brake doesn't work. Complete pre-buy was done for

the owner by Forrest Colditz at Calkins Aero at KIWS. Contact: Ryszard Zadow,
ryszardzadow@att.net

BUILDER OPPORTUNITY

Looking to get your hands dirty on a composite aircraft restoration on the west side of Houston? The Rutan Aircraft Flying Museum / Waller County Aviation Museum is looking for hands and sponsors for a VariEze rebuild.
