Due for a Flight Review? Get the ground portion knocked out while you enjoy the Hangar Open House and festivities. You'll be able to take your Record of Training to your CFI when you take the flight portion.

OUT OF THE HANGAR

Social Events for Chapter 12 Members, Friends, Guests

Saturday, 9 July 2016 10AM – 6PM

"R W J Airpark (54T) Hangar Open House, Swap Meet, & Scholarship Fundraiser"

Hosted by EAA 12 Chapter President Linda Street-Ely and Mike Ely

Hangar #5, 15111 Lakeview Dr, Baytown, TX 77523

- Come for a Flight Review Ground School and stay for the fun.
- Bring an airplane part, tool, or other aviation-related item you want to get rid of and let's make it a great swap meet.

- Bring your fat wallet too, because we'll be taking donations for the Chapter 12 Scholarship fund to benefit youth in aviation. More details to come, stay tuned.

Pilot induced emergencies with Jason Scappert-Saturday August 27th at 11 am

Coastal Skies and KLVJ are hosting Jason Schappert from MzeroA.com. He is doing a seminar on "Pilot induced emergencies" The plan is to have it in the community hanger like we did the Rusty pilots seminar or in the Total Aircraft hanger. There will be lunch, water and soda as before. We have some time to get everything put together. just let me know.

Other Fly-in Events

Please let us know of any upcoming events at least 2 to 3 weeks in advance or if you have ideas for an event!

CURRENT CHAPTER 12 MEMBER PROJECTS

Lance Borden, Inland Sport

Will Slaughter, RV-9

Dean Doolittle, RV-9

FOR SALE

2004 RV-8, Slider, IO-360 Penn Yan/Lycoming, NDH. Electronic ignition ~700 hrs. MT Constant spd, 3-bl'd composite prop. Auto pilot, smoke system, extensive build logs, complete logs. \$119,000. Hangared at KEFD. Contact: Jim Vincent [713-501-5615](tel:713-501-5615).

1980 Citabria Adventurer, N239SF, Serial Number 436-2000, \$65,000. I would call it a 9+ interior and exterior. The only blemish in the interior is shown in one of the photos below - a torn corner in the upholstery near the door, and on the exterior a small crack in the fiberglass on one of the wheel pants (both of which we have taken off because we are operating it on grass) which is also pictured below. The only mechanical I know of is the parking brake doesn't work. Complete pre-buy was done for the owner by Forrest Colditz at Calkins Aero at KIWS. Contact: Ryszard Zadow, ryszardzadow@att.net

BUILDER OPPORTUNITY

Looking to get your hands dirty on a composite aircraft restoration on the west side of Houston? The Rutan Aircraft Flying Museum / Waller County Aviation Museum is looking for hands and sponsors for a VariEze rebuild.
